

Dear Customer:

Resolution No. 273-12-91, effective January 1, 1992, provides that all property owners will be billed directly.

A duplicate billing is available for owners who prefer their tenants to pay the water bill. Duplicate billing does not absolve the property owner of the responsibility of payment for water service, but rather informs them of the current status.

To let us know of your preference for the single or duplicate billing method, please complete the following form and return it to Water District 111. Until we hear from you, we will assume that all the information in our files is correct and you would like a single billing to go to the owner.

Should you have any questions or require additional information, please feel free to contact our office at (253) 631-3770. Thank you for your time.
